CONNECT PROTOCOL & SAFETY DISCLAIMER

This platform is designed to help individuals connect for meaningful relationships. While we take reasonable steps to promote a trustworthy environment—including verification of email addresses and mobile numbers via OTP, collection of references, and administrative review prior to profile approval we do not guarantee the complete accuracy, authenticity, or intentions of any user profile.

Users are encouraged to exercise personal judgment and caution when interacting with others on the platform. Any communication, exchange of information, or decision to connect further is undertaken at the user's own discretion and risk.

If you choose to meet another member in person, we strongly recommend taking sensible safety precautions. Always inform a trusted friend or family member of your plans, including the time and location of the meeting. Arrange to meet in a public place, preferably during daylight hours, where other people are present. Avoid sharing sensitive personal or financial information until you have established a high level of trust.

By using this platform, you acknowledge and accept that the service acts solely as a facilitator for introductions and communication, and cannot be held responsible for the actions, conduct, or representations of its users.

Your safety and well-being are important—please proceed thoughtfully and responsibly when connecting with others.

1. Any member can connect with another member with an OPEN Profile using the email and/or the telephone number in the profile. However, they will need to send a text and/or email and ring them only after consent from the other member.
2. Any member wishing to reach out to another member with a DISCREET Profile will be able to log in and send a short message (Max 150 characters including spaces). It will be prudent to give some more information about yourself to the other party.
3. In both cases above, if there is a NO REPLY from the recipient, the reminder process should be carried out only two more times. Sometimes a NO REPLY may simply mean no interest in going further.
4. Any approved member not wishing to be contacted anymore at all or for a short period will be able to Self-Edit their Profile type to HIDDEN. Once this is done, they will not be able to log in and use the site. To change the Profile type, they will have to send a request to ADMIN.
